

SPUTNIK COMPACT GLASS WASHER

The SPUTNIK Compact is a non-electric manual machine for washing glasses - to produce BEER CLEAN glasses.

The SPUTNIK Compact machine can easily be taken apart, making daily cleaning quick and easy.

The SPUTNIK Compact can easily be fitted on any counter-top, only a water supply and drain outlet or sink is required.

The SPUTNIK, constructed from durable food grade plastics, ensuring a long service life.

The SPUTNIK Compact machine helps keep your restaurant glasses crystal-clean, thus ensuring customer satisfaction.

- compact lightweight machine
- uses water pressure for washing
- zero power consumption
- simple maintenance
- water savings up to 70 % compared to common manual washing in a sink
- suitable for all types and sizes of glasses
- perfect results, with cold water, using supplied detergent cubes
- for BEER CLEAN glasses every time!

BEER CLEAN

CLEANED WITH SOAP

SOAPY RESIDUE RESULTS IN POOR IN GLASS PRESENTATION, NO RING LACING AND FLAT, LIFELESS, UNAPPETISING BEER.

Normal dishwashers are too hot and actually damage glasses?

Only the SPUTNIK will give you BEER CLEAN glasses every time!
