

SODA AS-110

NEW MODEL

The **SODA AS-110** is designed for professional beverage cooling in restaurants, catering facilities and bars.

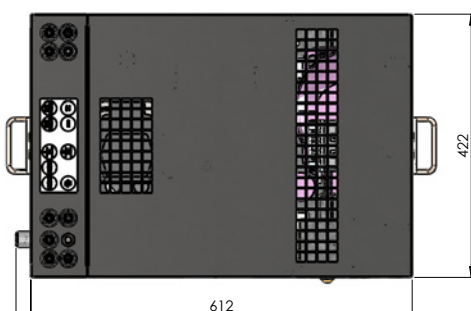

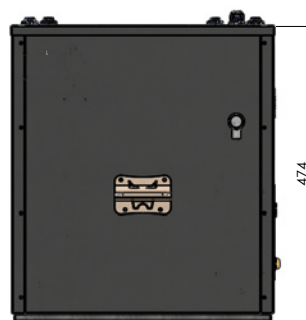

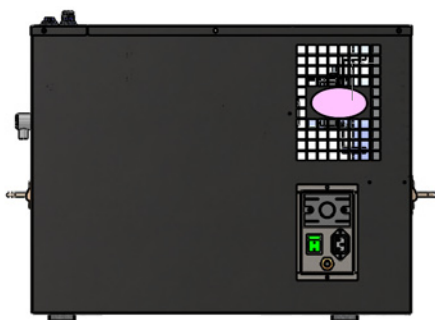

This versatile cooling system offers combination of reliable cooler for beer and soda with the possibility of up to **3 products** (soda and two other chilled beverages).

The cooler is equipped with a powerful motor and pump with displacement of 1.5m and innovative carbonator which ensures good saturation of soda water.

This proven cooler and soda maker **with a capacity of 70 liters per hour excels in its simple design and easy access for servicing.**

The materials used meet the highest requirements for hygiene standards and guarantee a long working life of this cooler.

Our products are tested by the TÜV SÜD technical institute.
