

# KONTAKT 155/R

## GREEN LINE

Environmentally friendly

### The most powerful unit from series of dry beer coolers.

The **KONTAKT 155/R GREEN LINE** is a professional cooling unit designed for dispensing excellent chilled beer as a mobile bar, ideal for professional/commercial purposes and busy events. The GREEN LINE cooler series is not only environmentally friendly thanks to the use of ecological refrigerant **R-290**, but also has a **20 % higher cooling power** along with **20 % lower electric consumption**. We have introduced an energy saving system in the production, the cooler is made of fully recyclable materials and without any polyurethane insulation.

This cooler has a continuous cooling performance of **155-170 l/h.**, max 180 l/h.

The **modern compressor cooling unit** uses the power input for direct transfer to chilling, which guarantees minimum energy usage. The best chilled beer will be ready in the thermo block within **5-10 minutes** after the cooler has been switched on. The **cooling technology is 45 % more efficient** than its power input. The complete external construction is made from **stainless steel** to give a more clean and aesthetic look. The materials used meet the highest requirements for hygiene standards and **guarantee a long working life of this cooler**. This machine comes with a stainless steel drip tray and an adjustable temperature control with **7 different settings**.

**Two grab handles** on top of the machine enables easier manipulation.

KONTAKT coolers have been recognised by experts as the beer coolers with the best ratio of **price/performance/ quality/dimension**.

**INBUILT CO<sub>2</sub> PRESSURE REDUCER**
